GreenPath financial wellness

According to most definitions, the term financial literacy refers to understanding how to effectively manage household finances, handle debt, create a budget, and build savings. Working toward financial literacy is the foundation of your relationship with money and can set you up for a lifetime of financial health and wellness. As a trusted national nonprofit, GreenPath can be part of your lifelong journey to financial literacy, especially in the areas of managing personal finances, budgeting, saving, and managing debt.

No matter what your goals may be, our partners at GreenPath can help you take control of your day-to-day financial choices to create more opportunities for achieving your dreams. Connect with a GreenPath counselor today by calling 877-337-3399 or visit my.greenpath.com for more information.

On a related note, Triangle FCU has three Certified Credit Union Financial Counselors on staff. These employees have completed the training and examination process necessary to achieve CCUFC designation, equipping them with the skills and knowledge to help credit union members take control of their financial future.

Along with our CCUFCs, a number of TFCU employees have also achieved GreenPath Super User status. These employees voluntarily participated in training facilitated by GreenPath, giving them the expertise needed to assist members in utilizing the support and services available through GreenPath.

Call or visit any branch to connect with a CCUFC or a GreenPath Super User who will be happy to help you take advantage of available resources as you work to achieve your financial goals!
